

A NEW APPROACH TO HERITAGE AND DEVELOPMENT

The beautiful houses, heritage buildings, parks and streetscapes are one of the reasons that we all love living in the inner west.

We want to preserve the unique and rich history of our suburbs while supporting sustainable, diverse development that meets the practical needs of modern families and the environment.

Our local residents are all feeling the pressure of rising rents, interest rates and increased cost of living pressures.

Marrickville Council needs to support our local families to improve their homes to meet the practical needs of modern families.

IF ELECTED, LOCAL LABOR CANDIDATES WILL:

- ✓ maintain the unique historic characteristics of our area
- ✓ make it simpler for families to adapt their homes to meet their individual needs
- ✓ retain controls on our public buildings, parks and shopping strips
- ✓ foster a range of housing options to support the social and economic mix of our community
- ✓ focus on sustainable development driven by thoughtful urban planning and environmental considerations.

Under Labor the Council won the Award for best council in NSW in 2003.

In 4 short years the current Greens dominated council is now listed as financially unsustainable.

Poor financial management means that Council is not providing the basic council services that local residents deserve.

It's time for Marrickville Council to get back to basics.
