

# A NEW APPROACH TO PARKING AND TRAFFIC

Our local roads have more cars on them than ever before.

Parking in our streets is getting harder and harder.

With more young families in our area, traffic management and safety has become critical.

Marrickville Council must focus on local traffic, parking and transport issues as a matter of priority.

## IF ELECTED, LOCAL LABOR CANDIDATES WILL:

- ✓ Work with local residents to find traffic management solutions (traffic calming, speed humps, road signs, pedestrian crossings) that meet local needs
- ✓ work with parents, schools and childcare centres to support initiatives that improve safety
- ✓ work with residents to make sure that resident parking schemes meet local needs and are regularly reviewed

Under Labor the Council won the Award for best council in NSW in 2003.

In 4 short years the current Greens dominated council is now listed as financially unsustainable.

Poor financial management means that Council is not providing the basic council services that local residents deserve.

It's time for Marrickville Council to get back to basics.
